With international participation

“GEOSCIENCES 2010”

**December 9 – 10, 2010
Sofia, Bulgaria**

INVITATION

Dear Colleagues,

The Organizing Committee of “GEOSCIENCES 2010” has the pleasure to invite you to participate in the Conference which will be held on December 9-10, 2010th in the Ceremonial Hall of Sofia University “St. Kliment Ohridski” in Sofia, Bulgaria. The Conference is dedicated to the 85th Anniversary of the Bulgarian Geological Society and in memory of Prof. Stefan Bonchev and Academician Strashimir Dimitrov.

Annual Conferences of BGS won recognition as the most important scientific event in Bulgaria in the field of geology. The Program of “GEOSCIENCES 2010” covers wide spectrum of geological activities pointing out to actual problems and perspective fields of implementation of the scientific knowledge. The Conference provides possibilities for a broad dissemination of the results of scientific institutes, universities, departments, laboratories, companies and other organizations among the professional audience. We kindly invite also companies and institutions interested to advertise their activities to join “GEOSCIENCES 2010”.

Extended abstracts of scientific reports will be published in the Proceedings of the Conference and available during the Conference. Besides, full text reports presented during the Conference will have priority for publishing in the regular issue of the *Review of the Bulgarian Geological Society*.

We especially encourage the participation of students and young colleagues up to 35 years and their best presentations will be awarded.

We hope that your active participation will contribute to the successful realization of the Conference. Actual information is available on the website of BGS – www.bgd.bg
